## LISBON IS STILL VERY NERVOUS

But City Is Recovering From Shock of Tragedy.

### NEW CABINET IS FORMED

Admiral do Amaral Succeeds in Organizing a Ministry, Although the Progressists Refuse to Support It. Regicide Plot Still a Mystery.

Lisbon, Feb. 5.—Lisbon is beginning to recover from the shock and horror of Saturday's bloody tragedy, but a strong undercurrent of popular and governmental nervousness remains. The political tension is slackening, although the Progressists refuse to join in the concentration of the cabinet, which Admiral Ferreira do Amaral is forming from all the monarchial groups, because the Conservatives are in predominance. The hitch, however, is likely to be straightened out and a temporary union of all the monarchial elements attained for the purpose of getting the country back on a constitutional basis, "ending agitation and restoring tranquillity," as expressed by the leaders.

Senhor Bernardino Machado, the leader of the peaceful wing of the Republicans, agrees to a truce, provided that his friends now under arrest are liberated, freedom of the press restored and the elections ordered. Admiral do Amaral, a devoted friend of the queen, who assumes power, is committed to the reversal of the entire policy of the dictatorship, the abolition of repressive measures and the restoration of "the old liberal monarchy." On Saturday government by decree will be withdrawn, amnesty accorded political offenders not implicated in deeds of violence and the embargo on the press raised.

### Franco's Downfall Complete.

Franco's downfall is complete. He recognized that it was impossible to saddle the youthful king at the outset of his reign with the stern programme involving the immediate banishment and deportation of several hundred political offenders, to which he had committed himself if he retained office. He told a friend that the assassination of the king ended his political career. He offered his services, however, but these were refused, both Queen Amelie and the dowager queen, Maria Pia, agreeing with the unanimous view of the council of state that the author of the dictatorship must be cast aside.

Practically no headway has been made in unravelling the plot, of which the murder of the king and crown prince was but one step. The police now admit that the three men arrested were not involved. Every one of the desperate band, except the three men killed, escaped in the confusion. The identification of these throws but little light on their connections. While it is believed by some that they were involved in the conspiracies which

were unearthed in the latter part of January, it is possible that the regicide was planned and executed on the spur of the moment after the appearance of a decree, by a small group of militant revolutionaries or anarchistic socialists, who may have imagined that the obliteration of the Braganza dynasty would cause a spontaneous uprising of the people. The conspiracy was foiled in both respects, as the younger prince escaped and the people wait in mourning for the double funeral on Saturday.

A visitor would be struck by the absence of the conventional signs of national mourning. The white and blue flag of Portugal and the standards of the foreign countries are half-masted and officers have black bands on the arms, but only here and there is there a knot of crepe at the windows.

### Men Wear Black Cravats.

Among the better classes the men wear black cravats. The royal arms shops are draped and the shutters half-closed.

Most of the European states are sending special missions to attend the funeral, these including the Prince of Wales and the Duke of Aosta. The Countess of Paris, Queen Amelie's mother, is on her way here. Two ships of the British fleet at Vigo are expected here, King Carlos having held rank as an admiral in the British navy.

Admiral do Amaral succeeded in bringing the opposing factions to his way of thinking and finally announced that the cabinet had been definitely constituted as follows:

Premier and minister of the interior, Rear Admiral Ferreira do Amaral; minister of public works, Senhor Carvet Magalhaes; minister of marine, Vice Admiral Augusto de Castilho; minister of justice, Arthur Alberto de Campos Henriques; minister of foreign affairs, Dr. Wenceslao des Perira Lima; minister of finance, Manoel Afonso d'Espregueira; minister of war, Sebastiao Custodio de Sousa Telles.

Admiral Ferreira do Amaral, Senhor Magalhaes and Admiral Augusto de Castilho are known as Independents. Senhor Henriques and Dr. Lima are Regenerators, while Senhor d'Espregueira and Senhor Sousa Telles are Progressists. The last two ministers count upon the support of all the monarchial factions. Admiral de Castilho and Senhor Magalhaes never have held office before.

Admiral Ferreira do Amaral is invested with the full powers of premier, but he consults frequently with King Manuel and Queen Amelie.

### Captain Committed Suicide.

Mobile, Ala., Feb. 5.—Captain Smith, master of the British steamer Ashfield, clearing this port Dec. 19, last, for Nipa, Cuba, committed suicide by drinking poison in his stateroom following a mutiny of the crew while on the high seas. The first mate took command of the vessel and landed her at Manila on Jan. 2, at which point the second mate was called to the command by the mutinous crew, landing his vessel at Cienfuegos on Jan. 15.

## PAYNE REJECTS PLAN

House Leader Opposed to Tariff Revision Commission.

### CANNON APPROVES POLICY

Speaker of the House Concurs in Views Announced by the New York Congressman—Revision of Tariff to Be Undertaken Next Winter.

Washington, Feb. 5.—The present congress will not appoint a tariff commission. Revision of the tariff will be undertaken next winter in the short term.

These announcements in substance were made by Chairman Payne of the house committee on ways and means, in the presence and with the tacit approval of Speaker Cannon, the occasion being a call upon the leaders by a tariff revision delegation from various parts of the country, comprising representatives of many of the biggest manufacturing and industrial concerns in the United States and headed by James W. Van Cleave of St. Louis, president of the National Association of Manufacturers; Former Governor Bachelder of New Hampshire and H. E. Miles of Racine, Wis., chairman of the tariff committee of the National Association of Manufacturers.

The delegation called at the White House and paid their respects to the president. Later they went to the Capitol and were received in the ways and means room by Speaker Cannon and Chairman Payne. There they spent more than an hour, presenting

CONGRESSMAN PAYNE.

their case and listening to replies by the two foremost Republican leaders in the house, which, while cordially couched, were practically a refusal of all the delegation had journeyed to Washington to plead for.

### Would Amend Tariff Schedules.

In introducing the subject of the appointment of a tariff commission, in line with the Beveridge bill recently offered in the senate, Mr. Van Cleave said the delegation was unanimous in the belief that "the matter of the tariff can be best handled by the application

of a hard-headed business bill," which will also amend the tariff schedules as to encourage the development of foreign commerce by the producers of the United States without at the same time exposing their goods to the reactionary effects of free trade. He said it was the firm belief of the vast interests represented by the members of the delegation that a wholesome revision of the tariff could be best got at by a commission appointed to ascertain the costs of domestic production, the relative profits derived from home and foreign sales and all the multitudinous facts appertaining to so complex and important a subject. "We want," he said, "and we believe we can truthfully state to you that the whole country wants a sound and rational business consideration of the subject, and we believe after long and earnest study of the situation that the suggestion of the appointment of a tariff commission to stand between us and you—to receive and weigh and formulate the mass of technical information we have to offer and to then present it to congress in compact and intelligent shape—embodies the best means of arriving at that result."

Other speakers along these lines, each of whom branched into concrete illustration of his points by citing the conditions existing in his particular business, were M. H. Saunders, representing the Reciprocity league of Chicago; H. E. Miles, chairman of the tariff committee of the National Association of Manufacturers; N. J. Batchelder of New Hampshire, master of the National Grange; S. H. Cowan, representing the National Live Stock association and the Cattle Raisers' association of Texas; G. A. Stephens of Moline, Ill., representing the National Association of Agricultural Implement and Vehicle Manufacturers; Mr. Metcalf, representing manufacturers of agricultural implements, and J. E. Wildor, representing the Illinois Manufacturers' association and speaking for the sole leather manufacturers.

Speaker Cannon, interrupting Mr. Metcalf, asked:

### Speaker Cannon's Question.

"Do I understand that you favor of the part of the United States an ever tariff with every other country in the world except that we shall enforce our maximum tariff against such countries as discriminate against our exports—that you favor a minimum and maximum tariff, with that application?"

The answer was strongly affirmative. "Then," said the speaker, "I am glad to hear your medicine, for that is precisely the kind of a tariff I believe in myself."

The action of the leaders in congress in declaring that there would be no tariff commission appointed at this session of congress has made the advocates of such a commission more determined than ever to gain their point.

At a conference of the representatives of leading commercial organizations who are here in the interest of the passage of the bill introduced by Senator Beveridge for the creation of a tariff commission, a resolution was adopted re-indorsing that measure and asking for the immediate appointment of such commission by this congress. The resolution proposes that the tariff commission consider the question of a maximum and minimum tariff, "so that we may be put upon an equitable basis of trade relations with foreign countries."

The action of the meeting is regarded as an answer to the adverse decision of the leaders in congress.

The representatives of the trades bodies will call upon President Roosevelt and endeavor to persuade him to send a special message to congress on the subject.

### The Rapid Rise of Clive.

The evidences of Clive's genius, said Lord Curzon, were incontestable. In nine years he had risen from being a poor and unknown clerk to be one of the most famous captains of his own or any other age.

### TOLD BY THE WIRELESS.

Thrilling Story of Rescue of the St. Cuthbert's Crew.

South Wellfleet, Mass., Feb. 5.—A wireless dispatch to the Associated Press from Captain Finch of the White Star line steamer Cymric, told the thrilling story of the burning of the Phoenix line steamer St. Cuthbert with the loss of fifteen souls and the rescue of survivors by a lifeboat from the Cymric. According to Captain Finch's dispatch, eleven men were drowned by the capsizing of a boat in which they had put off from the burning steamer, three others in another boat were drowned, and a stowaway lost his life by falling through an open hatchway into the mist of the flames. The list of names of the drowned men so far as known, include the following:

Third Officer White, Apprentice Brophy, Seamen Carlsen, Audriff, Vermuelon, Defreitas, Steig, Muller, Manton, Herebout, Voorbrook, Van Prybrook and Kronfeldt.

While fighting desperately to control the flames, the men on the St. Cuthbert were facing the ever-present danger of an explosion that, had it come, would have sent the ship and men to instant destruction. The intense strain under which the officers and crew labored was made more terrible by the mental stress which they observed in one another's actions, and sudden madness seized several of them.

The work of rescuing the crew of the St. Cuthbert was toward the last made especially dangerous by darkness and a raging snow storm.

### Lid Advocate Mayor of Duluth.

Duluth, Feb. 5.—Alderman R. D. Haven, Rep., was elected mayor of Duluth over Emil A. Tessman, Dem., president of the city council, in the bitterest campaign ever conducted in Duluth. The issue was the lid, of which Haven is the champion. Haven's majority is estimated at 1,000.

# The Brainerd Business University

Under the Auspices and Management of

The National Business College of Minneapolis

A High-Grade School of Business will be Conducted in Brainerd, Beginning March 2, 1908

There will be presented in a thoroly up-to-date, wide-a-wake course of study, such subjects as **Modern Bookkeeping, Business Arithmetic, Correspondence, Commercial Law, Advertising, Shorthand, Typewriting, General Office Practice and English for backward pupils.**

THE NATIONAL BUSINESS COLLEGE is the largest and most handsomely equipped business school in the state. The same energy that built up the main institution will be devoted to the Brainerd branch—Scholarships will be good in either school. Those who wish to finish the course in Minneapolis will be supplied places to earn their board out of school hours if such opportunity be desired. We will say therefore, to the youth of Brainerd; to those who have ambition; who would rise above the present; who realize that they can not reasonably hope to win without knowledge, and to whom success is sweet and worth while, that we will solve the problem for many of them. We have fitted for business and brot in touch with affairs, thousands of the present business men of Minnesota. The ability to render intelligent trained service is the first step.

Business is a profession which offers the widest scope for the best play of man's faculties. SUCCESS in it means infinitely more than in any other field of endeavor. Neither is there any cut and dried periodicity applicable to the study of business. A good business school is A SCHOOL OF SUCCESS. What reason will serve to justify adequately, postponement of preparation that will enable you to win in the battle? The month of March serves as well as July or October to make this final preparation for the real business of your life. Mediocrity has been in the saddle a long time, but the old and the incompetent now step aside for the young and the capable. Even the young man has not forever to make his mark—THE TIME to SUCCEED IS NOW.

Do you want a permanent business college in Brainerd—a school that has the power of a large school behind it; a large school that is close to the heart-throb of affairs, and can place in business every boy or girl that graduates here? Say yes, by sending us a student, or, come yourself. A catalog will be mailed for the asking.

# POLICEMAN ATTACKED KING

Believed Spanish Monarch Was a Suspicious Looking Person.

Seville, Feb. 5.—A dramatic incident marked the saunter of King Alfonso through the streets of Seville the day before the tragedy at Lisbon, Alfonso being attacked by a policeman, whose object was to keep back the crowd from the king, but who unfortunately mistook the king himself for a suspicious looking person.

The governor of Seville, who was following just behind, seized the policeman, and a score of spectators, believing that an attempt was being made to assassinate the king, knocked the policeman down. Alfonso, however, ordered his liberation and was amused at the whole affair.

# The Sacrifice

The following poem was sent to The Dispatch for publication by J. B. Laurence, of East Brainerd, and was composed by the gentleman's father:

The morning sun in splendor rose  
On Abraham's tent it sacred shone  
And all was bright and cheerful there  
All save the Patriarch heart alone.

But God's command rose to his mind  
And forced into his eye a tear  
Although his soul was all resigned  
Yet nature fondly lingered there.

The simple morning feast was spread  
And Sarah at the banquet smiled  
Joy on her cheek its luster shed  
For near her sat her only child.

The groaning father turned away  
And walked the inner tent apart  
He felt his fortune decay  
While nature whispered in his heart.

Ohi must this Son to whom was given  
The promise of the blessed land,  
Heir to the choicest gifts of Heaven  
Be slain by a fond father's hand.

Arise my Son the cruel fell  
And place the script with due supplies  
For we must seek Morriah's Hill  
And offer there a Sacrifice.

The mother raised her speaking eye  
For all a mother's love was there  
She feared the Desert drear and dry  
She feared the savage lurking there.

Abraham beheld and made reply  
On Him from whom all blessing flow  
My sister we with faith rely  
Tis God's command and we must go.

The dutious son in haste obeyed  
The script was filled, the mules prepared  
And with the third day's twilight shade  
Morriah's lofty hill appeared.

The Druids at a distance wait  
Alone ascend the Son and Sire  
The wood on Isaac's shoulder laid  
The wood to build his funeral fire.

While on the mountain's brow  
There stood Isaac, in silent wonder cries  
My Father! Is the fire and wood  
But where's the lamb for sacrifice.

The Holy Spirit stayed his mind  
While Abraham answered low and calm  
With steady look and voice resigned  
God will himself provide a lamb.

The wood upon the altar laid  
Isaac in silent wonder bound  
The father's hand uplifted was  
His hand upraised by faith profound.

When, lo, from heaven an angel cries  
Lay not thy hand upon the child  
His soul with heavenly rapture filled  
He cried my God, my God, and smiled.

Then let no pen profane like mine  
On holiest themes so rich and rare  
Turn to the book of books divine  
And read the sacred promise there.

Ages on Ages rolled away  
The promise of the Great I Am  
Died as the prophets had foretold  
On Calvary the Saviour lamb.

# HOUSEBOATING ON BIG SCALE.

Idea Which May Grow Into an Extensive and Profitable Industry.

An enterprising sea captain of Falmouth, England, has hit upon a plan by which people who desire to enjoy sea life without assuming the risks of an ocean voyage can be accommodated with profit, says the Milwaukee Evening Wisconsin. He is looking for an obsolete ocean liner, which he intends to deprive of her power plant in order to secure more room and convert the ship into a floating hotel. The idea is to keep the ship at anchor off Falmouth and provide for the comfort of 150 or more passengers on an ocean trip that is limited by the length of the anchor chain and the swing of the ship. Amusements will be organized on board, boating and fishing parties will be arranged, and those who take to sea life of this kind will be provided with diversions sufficient to take their minds from the fact that they are at anchor all the time. It is estimated that all this can be done at a profit for charges somewhat lower than those of first class hotels ashore.

Houseboating on a large scale might appeal to investors on the great lakes. A large steamer moored safely in a harbor like that formed by the breakwater at Milwaukee would be an attractive floating hotel, on which landlubbers could take an imaginary lake voyage without running the risks of seasickness or delays by storms. A hotel at anchor in the bay would be "far from the madding crowd," yet near enough at all times to enable a merchant to drop ashore for a few hours' business each day. It would be a quiet, dustless and smokeless place in which to pass the hot weeks of mid-summer.

Speaker Cannon Tells Pretty Students Why He Opposes Woman Suffrage.

Speaker Cannon of the house of representatives recently received one of the most beautiful clusters of American Beauties he ever saw; at least that is what he told them when they were ushered into his room at the capitol to be introduced to the "next president," says a Washington special dispatch to the New York Times. There were twenty in the cluster, or, to be more accurate, in the "bevy." They were students at the Martha Washington seminary in Washington and came from almost as many states, including Maryland, Arkansas, Texas, Georgia, Tennessee, New York and Virginia, and, luckiest of all, one came from Illinois.

And maybe the little Illinois maiden didn't blush. Uncle Joe plied her with questions about her people and her life in Washington. He said nice things to the others, too, but before they left he took a rap at woman suffrage.

"I appreciate the great honor you have paid me," he said. "However, I rather doubt whether you young ladies from Georgia, Texas, Virginia, Arkansas and other states in the south really want to see me elected. No, I am opposed to woman suffrage, and I'll tell you why. Pretty women like you would always control two votes—your own and some man's." The girls blushed.

"Now, I can tell," continued the speaker. "I only have to look into your eyes when they light up that way to be sure that each of you would determine how some man would vote."

# NEIGHBORS THAT WERE COLD.

"Trinity Church an' Cimitry" Didn't Patronize Cafe, Newell Tells Court.

John Newell of Pittsburg, owner of Newell's hotel, a sporting man, humorist and brother-in-law of the late Daniel O'Day, almost broke up a session of court the other day over which Judge Marshall Brown was presiding, says a Pittsburg special dispatch to the New York Times.

Newell appeared to protest against the increase of taxes on his hotel because of the widening of Oliver avenue, in the rear of the hotel. With tears in his eyes Newell told Judge Brown that he had not been benefited by the widening; that not even his neighbors on the opposite side of the street from his Oliver avenue entrance used it to enter his cafe.

Judge Brown was greatly interested by the argument and then, as an afterthought, asked Newell who his neighbors on the opposite side of the street were.

"Trinity church an' the cimitry," yer honor," replied Newell, smiling through his tears.

Judge Brown's dignity left him. He shook with laughter for three minutes while the tipstaves vainly tried to restore order. When Judge Brown finally recovered he said:

"I guess that will be about enough for you, Mr. Newell."

No decision was rendered.

# Boat Club on a University Campus.

President Judson of Chicago university met with twenty or thirty of the university's alumni the other night at the Harvard club in New York. He told them about the present condition of the institution and about the plans for the future based on John D. Rockefeller's munificent gifts of the last two years, says the New York Times. He told the alumni that some day Chicago university could have its boat club on the campus. Plans now being carried out contemplate bringing water from Lake Michigan right up to the front steps of the university. In reporting informally on the condition of the university the president said that because of recent gifts there was no need to pursue a policy of retrenchment at Chicago; that the salaries of the instructors, indeed, were being raised.

# INDIANA FOR FAIRBANKS.

Republican Delegation From That State a Unit for Him.

Indianapolis, Feb. 5.—Indiana Republicans selected in district conventions twenty-six delegates to the national convention at Chicago. Four delegates-at-large will be chosen by the state convention April 2. The district conventions were harmonious, the delegates in many districts being selected by acclamation. In every district resolutions were adopted unanimously endorsing the candidacy of Vice President Charles W. Fairbanks for the presidential nomination and instructing the delegates to work and vote for him. Alternate delegates and national electors were chosen also.

At La Porte the Tenth district convention elected George Ade of Dentland, humorist and playwright, and Kitt Sills of Monticello delegates to the national convention. The election of Ade and Sills followed a warm fight, in which a strong sentiment for Taft was developed. W. R. Wood of Lafayette was defeated for delegate because of pronounced anti-Crumpacker and anti-Taft tendencies. The convention endorsed President Roosevelt's administration, the candidacy of Vice President Fairbanks for president and Harry New for national chairman. The understanding is that the delegates will vote for Fairbanks in the national convention as long as Fairbanks has any chance and will then throw their support to Taft.

THE president of the Northern Pacific road does not appreciate the recent message of President Roosevelt sent to congress.

THE new St. Cloud city charter will be voted on at the regular spring election, the council deciding not to take chances on a special election.

THERE is trouble in the local democracy at St. Paul and Mayor Bob. Smith is telling things about "de gang" which he has served faithfully for many years.

JACOBSON has not yet decided whether he will be a candidate for governor or not, and in the meantime the gentlemen who have decided are anxiously waiting.

THE republicans of Duluth gained a victory Tuesday in the election of Roland D. Haven for mayor. The fight was probably the hottest one the city has ever seen.

THE present snow fall will be welcomed by hundreds of people in the northwest. It means an increase in the demand for labor and is a blessing in many ways. Minnesota does not usually have to wait until February for sleighing.

WINNIPEG has a lid as is a "lid," and on Sunday last 300 cases of infractions of the Lord's day act were reported by the police, including all classes of work, business and occupations not mentioned in the special exemption clause. Two undertakers who conducted funerals and one minister who performed a marriage ceremony were among the number. You can't die or get married in Winnipeg on Sunday in the future.

THE house has passed a general widow's pension bill granting a flat pension of \$12 a month to all widows of honorably discharged soldiers of the United States who have not heretofore received the benefits of the pension law, and an increase of \$4 a month to all those who have under the act of June 27, 1890. The bill involves the annual expenditure of \$12,000,000 and was passed with but one dissenting voice.

The state Odd Fellows votes are counted and returns from 186 lodges indicate the election of C. H. Budd, of Montevideo, as grand master; Geo. McDermott, deputy grand master; A. L. Batton, grand secretary; Winn Powers, grand representative. The new officers assume their duties June next.

**Republican Delegation From That State a Unit for Him.**

Indianapolis, Feb. 5.—Indiana Republicans selected in district conventions twenty-six delegates to the national convention at Chicago. Four delegates-at-large will be chosen by the state convention April 2. The district conventions were harmonious, the delegates in many districts being selected by acclamation. In every district resolutions were adopted unanimously endorsing the candidacy of Vice President Charles W. Fairbanks for the presidential nomination and instructing the delegates to work and vote for him. Alternate delegates and national electors were chosen also.

At La Porte the Tenth district convention elected George Ade of Dentland, humorist and playwright, and Kitt Sills of Monticello delegates to the national convention. The election of Ade and Sills followed a warm fight, in which a strong sentiment for Taft was developed. W. R. Wood of Lafayette was defeated for delegate because of pronounced anti-Crumpacker and anti-Taft tendencies. The convention endorsed President Roosevelt's administration, the candidacy of Vice President Fairbanks for president and Harry New for national chairman. The understanding is that the delegates will vote for Fairbanks in the national convention as long as Fairbanks has any chance and will then throw their support to Taft.

## BUSINESS COLLEGE FOR BRAINERD

"Brainerd Business College" to  
Open its Doors to Pupils  
March 2

OFFICES NOT YET LOCATED

Mr. August E. Stossmeister in  
City Making Arrangements  
For the School

Brainerd is to have a business college in the near future. Mr. August Stossmeister, of the National Business College, of Minneapolis is in the city making arrangements to open a business college in Brainerd. The school will be opened the 2nd day of March. Mr. Stossmeister has not as yet closed any contract for rooms for the college but is considering the propositions of several property owners and will open on the date named. The school here will be a branch of the National Business College, of Minneapolis and Mr. Stossmeister states that scholarships will be transferable and anyone attending here can if they so choose finish their work in the city. He also states that there is at present a demand for more graduates than they can turn out.

This will certainly be a great chance for a young person living in Brainerd to get a good commercial education. For the benefit of the boys working in the shops and others employed during the day there will be classes three evenings each week. The school, if a good one and the indications are certainly that it will, will give the young people of Brainerd and vicinity the benefit of advantages that they will doubtless be quick to grasp.

## DAIRYING PROFITABLE

Robert Potter, of Long Lake Shows  
That it Can be Made Profitable  
in Crow Wing County

Mr. Robert Potter, of Long Lake, was a caller at THE DISPATCH office Saturday afternoon and in the course of his visit mentioned that Mrs. Potter had taken in \$103 in January for butter. Mr. Potter is keeping 20 cows but only 14 of them were giving milk in January. He has a DeLaval separator and markets the butter in Brainerd. No contract is made with customers, he finding ready sale for all they can make at the same price creamery butter sells for at the stores. He feeds wild hay, at present is feeding wire grass hay, and bran and shorts, with no root crops of any kind and says that he finds dairying highly profitable and that a separator will pay for itself in a short time in the saving of butter fat.

## HELLO, BILL

There Will be Something Doing at  
the Meeting of the Elks Thursday Evening Next

That there will be something doing at the Elks' hall Thursday evening of this week is evidenced by the following card which is sent out by the exalted ruler and the secretary of Brainerd Lodge, B. P. O. E., No. 615:

"You are earnestly requested to attend our meeting on Thursday evening, Feb. 6th. District Deputy J. H. Guerin will officially visit the lodge at that meeting, and a good attendance is necessary. Meeting will be called to order at 7:30 o'clock. It is the intention at the close of the meeting (9 o'clock) to have a dancing party and cards. You are expected to bring your wife, your mother, your sister, your daughter, your mother-in-law; and you are at liberty to invite a friend. Music will be furnished by the Elks' Orchestra from Little Falls."

A. P. Raymond received a telegram Tuesday afternoon stating that the remains of Miss Ella M. Parker would be brought to Brainerd for burial. There was no word as to the time of leaving Couer d'Alene and Mr. Raymond is entirely in the dark as to the time of the arrival of the remains or the funeral arrangements.

## Pennies in Mail Boxes

Postmaster Ingersoll desires to call attention to the practice of some patrons of rural delivery of placing loose coins in their boxes each time they desire to dispatch letters instead of supplying themselves with postage in advance of their needs. This practice imposes undue hardship on rural carriers in removing loose coins from boxes and delays them on the service of their routes. The postmaster, therefore, urgently requests that patrons of rural delivery provide themselves and keep on hand a supply of stamps consistent with and in advance of their needs. It is also very desirable that rural patrons place in their mail boxes small detachable cups of wood or tin in which to place coins, when necessary, in purchasing supplies of stamps.

The editor of the Memphis, Tenn., "Times" writes: "In my opinion Foley's Honey and Tar is the best remedy for coughs, colds and lung trouble, and to my own personal knowledge Foley's Honey and Tar has accomplished many permanent cures that have been little short of marvelous." Man Gave Himself Up to Sheriff Saturday Night After Salvation Army Meeting

## P.O. OFFICE INSPECTOR NOTIFIED

Man Claims That His Crime Was Committed at Milwaukee About a Year Ago

It has just transpired that a man who gave his name as G. W. Mellow went to the Salvation Army officials in this city Saturday evening last and confessed that he robbed the United States Mail in Milwaukee about a year ago. He stated that he was tired of being followed all over the country and wanted to give himself up. He was taken to Sheriff Erickson who lodged him in a cell at the county jail and on Sunday noon wired the postoffice inspector at Milwaukee in regard to the matter. At noon today he had received no reply. The man appears perfectly sane according to Deputy Sheriff Theorin and the only motive that could be imagined for his making a confession would be a desire for free board for a time during the winter weather.

Coroner Wilcox Reports That Body of Woman and of Dog Were Found in Ruins

Coroner Wilcox, of Cass county, who was in town Monday on his way to Gull River to look into the matter of the death of Mrs. Stevens, returned to the city and left at once for the twin cities. Mr. Wilcox stated that in his opinion it was a case of accident. The remains of the woman, badly charred, and of a dog were found in the ruins of the building. So far as can be learned there have been no arrangements made in this city for burial or the purchase of a coffin and it is not known here when the funeral will be held.

## POSSIBILITIES OF LARCENY

Pointed Out by William J. Bryan in an Address in New York.

New York, Feb. 5.—Taking the Eighth commandment as his text, William J. Bryan pointed out to the Civic Forum the possibilities of larceny in violation of the law and what he said was of still greater importance—larceny through the operation of the law.

Mr. Bryan declared that while the law recognized two general forms of larceny and grand larceny, there had been a disposition recently to subdivide the greater crime.

"So now," he added, "we are inclined to think of stealing as petit larceny, grand larceny as glorious larceny." So general had become the tendency to overlook rascality in amazement at the genius of the man who had stolen a million that it had been suggested, he said, that the commandment be amended to read "thou shalt not steal on a small scale." Larceny through operation of the law was possible, he said, if the laws were unjust or permitted an unfair advantage to any class of citizens. Watered stocks and fictitious capitalizations were placed by the speaker as among the forms of polite larceny.

Carnegie hall, as usual at gatherings of the Civic Forum, was filled by an audience representative of business and the professions and in which was reflected the various shades of public opinion. Edward M. Shepherd introduced Mr. Bryan, who was received with spirited hand-clapping, the applause being frequently renewed during the course of his address.

## MILL WASTE FOR PAPER.

Use of Lumber Refuse May Cut Down Cost of Product.

Scientists in Washington are deeply interested in what is believed to be a means of manufacturing paper from ground wood, in which the waste of mills can be used, says a Washington special dispatch to the Chicago Inter Ocean. If successful, the plan will eliminate the cost of wood specially cut for the manufacture of paper pulp.

The pitch which heretofore interfered with the use of wood of this character is overcome in the new process by so treating the pulp that it passes off in vapor, and the fiber is recovered by subjecting the mass to a system of pressing.

The very much increased cost of paper, which has led many newspapers to increase their price or resort to the alternative of decreasing their size, has aroused experts to a study of means to reduce the cost of paper foundations.

Experiments now in progress indicate that the system of using mill waste can be made a success. Such a plant is now in operation in Vancouver, which has proved a success. The project is backed by a company with \$1,000,000 of capital, and the plant when in complete running order will have an output of 360 tons of finished paper a week.

## THE NEEDED BEAUTIFUL

Much Needed Snow Began to Arrive Tuesday Evening and Has Been Falling Steadily Since

For weeks and almost months the lumbermen and business men of Northern Minnesota have been wishing if not praying for snow, but had almost given up hope of sleighing. The much longed for beautiful has arrived however. It began to snow about dark Tuesday night and snowed all night and Wednesday morning was falling faster than ever so that by the middle of the forenoon good sleighing was assured. This will mean much not only to the lumber men but to the farmers who were trying to get out wood and ties. So far there has been comparatively little green wood brought to the city farmers being unwilling to contract to haul it on wheels on account of being heavy. It is thought now, however, that many contracts will be made with private consumers for their wood for the coming year and it will be brought in while the sleighing lasts. As there are many logs, poles and ties and much cord wood and pulp wood cut and ready for hauling it is expected that the present snow will greatly stimulate business throughout Northern Minnesota.

This will mean much not only to the lumber men but to the farmers who were trying to get out wood and ties. So far there has been comparatively little green wood brought to the city farmers being unwilling to contract to haul it on wheels on account of being heavy. It is thought now, however, that many contracts will be made with private consumers for their wood for the coming year and it will be brought in while the sleighing lasts. As there are many logs, poles and ties and much cordwood and pulp wood cut and ready for hauling it is expected that the present snow will greatly stimulate business throughout Northern Minnesota.

### URGENT DEFICIENCY BILL.

Senate Passes Measure Carrying a Large Appropriation.

Washington, Feb. 5.—The senate passed the urgent deficiency bill carrying an appropriation of over \$24,000,000. The large deficiency appropriation for the navy brought out considerable discussion of the subject of executive departments making expenditures not provided for in appropriations.

Deficiency appropriations for the Panama canal gave rise to Democratic criticism of the publication of a paper by the canal commission at Panama and incidentally Senator Teller declared that he believed the lock canal at Panama would some day be declared a failure and that a sea level canal would take its place.

The senate devoted two hours to consideration of the criminal code bill and then adjourned.

### THAW'S COUNSEL CONFERENCE

Would Secure His Removal From Matteawan Asylum.

New York, Feb. 5.—An extended conference of counsel for Harry Thaw was held here to discuss what legal means should be taken to secure Thaw's removal from Matteawan state asylum. The result of the conference was not disclosed, but it was learned on excellent authority that Martin W. Littleton, who defended Thaw in the last trial, has practically retired from the case.

It was known that Mr. Littleton's connection with the case would cease when the jury rendered its verdict, but at the request of his associates he consented to lend them his aid until he started South on his vacation, although his personal views on the status of Thaw's case following the rendition of the verdict differed materially from the views of the other

lawyers in the case. It is known that Mr. Littleton believes Thaw should be left in Matteawan, at least for several months to come.

### FIRE IN BUSINESS SECTION

Causes Heavy Loss to Property at Berlin, N. H.

Berlin, N. H., Feb. 5.—Two fires in the business section of this town caused an aggregate loss estimated at approximately \$400,000. The Green block, a business and tenement building, and the Berlin National bank were destroyed by the first fire. While that was still burning another fire started a few blocks away and burned six wooden buildings on Main street. Fearing that the entire business section would be swept away, the firemen summoned help from Portland and Lewiston, Me. Both fires are believed to be under control.

## Women Who Think.

If you are a thinking woman, and you no doubt think you are, the following will make you think.

Just between you and me, is it not a significant fact that Dr. Pierce's Favorite Prescription is the only medicine for woman's peculiar ailments, the makers of which print a full list of its ingredients, attested under oath, on its bottle-wrappers?

Does this not mean something to you if you are a sufferer?

It means that you absolutely know what you are taking when you make use of this world-famed medicine.

It means that you absolutely know that you are not taking "boozie" when using Dr. Pierce's Favorite Prescription, but a good, honest, square-deal medicine adapted to woman's delicate organization by an educated, trained and experienced specialist in woman's peculiar weaknesses and ailments.

Are the above facts not of some importance to you?

Many thousands of America's most famous physicians prescribe Dr. Pierce's Favorite Prescription because they know just what its composition is—which cannot be said of any other medicine advertised for the cure of woman's special ailments.

It makes weak women strong and sick women well.

It has done this for many hundreds of thousands. What it has done for others it will no doubt do for you if you but give it a fair trial.

Don't be put off with some inferior substitute with no record of cures to recommend it. You can't afford to accept a secret nostrum in place of this tried and proven medicine of known composition.

THOUGHTFUL, INTELLIGENT WOMEN use Dr. Pierce's Favorite Prescription for many good reasons. It enables them to avoid the disagreeable questionings and abhorrent examinations generally deemed necessary by the family physician. It cures in the privacy of the home. If, however, you want the advice of a skilled specialist in woman's peculiar maladies, write or call upon Dr. R. V. Pierce at the Invalids' Hotel and Surgical Institute, 663 Main St., Buffalo, N. Y.

Dr. Pierce's advice is given gratis. It costs you nothing, but may be worth much to you.

Next to obtaining Dr. Pierce's Personal advice, you will find his great book—The People's Common Sense Medical Adviser, a book of over a thousand pages, copiously illustrated—offers many valuable suggestions to invalid women. It has been lately revised and brought up-to-date. Costs only 31 one-cent stamps for cloth bound, or 21 stamps in paper binding—just to cover cost of mailing only. Address as above.

## SEVEN FIREMEN HURT

Caught Between Collapsing Floors in New York.

### TWO MORE OF THEM MISSING

They Are Believed to Have Been Buried in the Ruins of the Burned Building—Several Persons Narrowly Escape Death in Chicago.

New York, Feb. 5.—Caught between collapsing floors, seven firemen were injured while fighting a fire which destroyed a five-story structure occupied by dry goods firms at 43 Worth street, in the heart of the wholesale dry goods district. Fireman Frank Eglanton is missing and is believed to be in the ruins. The monetary loss is estimated at \$200,000.

The firemen fought the flames in the bitter cold, which froze the water in the stand pipes and made the pressure inadequate to confine the fire to the third floor, where it started. The injured were found lying beneath the ruins in pools of fast freezing water.

A second fireman named Conlin was discovered to be missing when Engine Company No. 4 returned to its headquarters and the roll call was taken. Fireman Conlin was in the building when the crash came.

The fire spread rapidly and the employees in the building had to make hurried exits. As they were escaping from the place, the cable of an elevator parted and the car, jammed with frightened women and men, dropped to the basement. Fortunately no one was seriously hurt, and to their swift descent they may owe their lives. Hardly had the passengers scrambled from the wreckage of the car when, without warning, the third floor gave way and carried with it the second floor and fifteen firemen who were working within the walls. A moment later a score of firemen rushed into the burning wreckage, recklessly determined to rescue their comrades, whose cries could be heard above the noise of puffing engines.

Meantime the fire was burning briskly on the top floors and streams of water, thrown from adjoining buildings, half drowned the imprisoned men as well as those who chopped away valiantly wherever burning timbers held a captive. The temperature was well down toward zero and the men suffered intensely. One by one the injured men were released, with the exception of Eglanton and Conlin, who could not be located. Though badly injured it is believed that the rescued men will recover. The building had been ruined before the fire was controlled.

The building was occupied by Baldwin, Woodward & Co., the Kiblo, Chaffee and Morehouse company, the Charles C. Copeland company and P. R. Mastor company, all wholesalers.

### ESCAPE WITH DIFFICULTY

Several Persons in Peril From Fire at Chicago.

Chicago, Feb. 5.—Fire, which originated from an explosion of chemicals, swept through the three upper stories of the Wolff building, an eight-story structure at 91 Dearborn street.

The first three floors were occupied by the L. Wolff Manufacturing company, the owners of the building, as offices and show rooms. The remaining floors were used for offices.

The fire spread with great rapidity, and by the time the first engines arrived the three upper floors were burning furiously. Several persons in the upper part of the building were trapped by the flames and escaped with great difficulty. W. G. Stewart, who occupied an office on the seventh floor, was so badly burned about the head and chest that his recovery is considered hopeless.

Mrs. Mary Bachmann was overcome by the smoke and was carried down from the seventh floor by Fire Marshal Horan, the chief of the Chicago fire department. Several other people were also overcome by smoke, but were revived after a short time.

Carl Szostrom, A. G. Murrell and a third man whose name has not been ascertained were penned in by the flames on the eighth floor. Their cries attracted the attention of the janitor of a building east of the Wolff building and separated from it by a thirty-foot alley. The janitor lashed several step ladders together and managed to throw them across the intervening space in such a way as to form a bridge over which the men passed, eight stories in the air. The damage amounted to \$20,000.

### ENTIRE FAMILY DEAD.

Triple Tragedy Followed Failure of Husband to Obtain Work.

New York, Feb. 5.—For three months Max Sackman, twenty-six years old and by trade a paperhanger, had tramped the streets in a futile effort to find work. His daily goings and comings were noted by the neighbors, who, when the man failed to appear as usual, forced an entrance to his home and found the family of three dead.

The bodies of Sackman and his wife, Goettling, were stratched upon their bed and in the arms of the father was nestling the lifeless form of their fourteen-months-old baby, Rose. A gas tube extending from a chandelier to the bed told the manner of death, and an empty cupboard explained the motive.

### OF UNTOLD VALUE

The Information Contained in This Citizen's Statement is Priceless

The hale, the hearty, the strong can afford to toss this paper to one side impatiently when they read the following, but any sufferer in Brainerd who has suffered hours of torture caused by kidney complaint will stand in his own light if he does not follow the valuable advice offered here.

Mrs. J. H. Zellers, of 915 Main St., Brainerd, Minn., says: "Before using Doan's Kidney Pills I suffered for six months from my kidneys. The secretions were badly discolored and I also suffered from a heavy pain across the small of my back. A box of Doan's Kidney Pills were procured for me at H. P. Dunn's drug store. I took them and a cure resulted. I can truthfully say that I have not had a symptom since. On October 28th, 1904, six years after giving the above statement, Mrs. Zellers said: 'I am just as pleased to recommend Doan's Kidney Pills today as I was in 1898. I have not had an attack of kidney trouble since they cured me.'"

### Novel Souvenir.

A novelty in the way of a souvenir and advertisement has been received by the New York Tribune from the Manitoba Free Press of Winnipeg. It is in the form of a miniature barrel filled with flour made from Manitoba wheat. Accompanying the attractive little package is a booklet giving a history of the flour making industry and describing rural western Canada as "the bread basket of the British empire."

### SENSIBLE HOBBY

Well-Known People Devote Spare Time to Upbuilding Health.

There is no excuse today for any person, unless tainted with an incurable disease, remaining sickly, with the great advance in medical discoveries and the growing popularity of physical culture.

In the diseases of digestion and nutrition, for example, an acknowledged specific treatment has been found in Mi-o-na. It is relied upon as a certainty in relieving the worst troubles of digestion and assimilation, and making a complete cure.

People suffering with headaches, palpitation, sleeplessness, bad taste in the mouth, coated tongue, distress after eating, specks before the eyes, nervousness and general debility, and any other of the many distressing results of a weakened stomach, should profit by the discovery of Mi-o-na stomach tablets.

H. P. Dunn has seen so many cures by Mi-o-na of stomach and general rundown, state of health that he is a firm believer in the power of this remedy to cure practically every case, and he shows this faith by giving a guarantee with every 50-cent box of Mi-o-na to refund the money unless it does all that is claimed for it. H. P. Dunn takes the whole risk, and Mi-o-na will not cost you a penny unless it cures.

### No Revolt in Venezuela.

Caracas, Venezuela, Feb. 5.—President Castro has left here for La Victoria for a short vacation. This move on the part of the president disproves the recent rumors that a revolution was on foot, which reports arose from the disappearance of General Rolando from his home in Barcelona and the arrest of several of his partisans.

### HAVE ANAEMIA.

Your mirror will tell you if you are anemic, for the unnatural pallor of the gums and inside of the lips and eyelids indicate thin, watery blood.

You may also have indigestion, dizzy, fainting spells, severe headaches, and feelings of irritability and extreme lassitude. The blood is lacking in the very elements that are contained in condensed and easily assimilated form in

## Dr. A. W. Chase's Nerve Pills

This great r-storative sharpens the appetite, invigorates the nerves which control the digestive fluids, strengthens the heart's action and gradually and naturally restores the sufferer from weak blood to health, strength and vigor. See that portrait and signature of A. W. Chase M. D., the famous Receipt Book author, are on the box you buy. 50 cts. at all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

Miss Elsie Faiser, 47 Main Street, Oneonta, N. Y., states:

"Last summer I was all run down in health—no appetite, poor digestion, could not sleep, felt tired and languid, was pale and weak. Doctors could not help me but Dr. A. W. Chase's Nerve Pills thoroughly cured me and restored strength and color."

### ROOSEVELT'S MESSAGE.

Again the Theme of Discussion in the House.

Washington, Feb. 5.—President Roosevelt's recent message to congress on the relations of capital and labor and of corporations and the public again was the theme of discussion in the house of representatives. So great was the demand for time that general debate on the Indian appropriation bill, which is the pending business, was extended. Interest in the proceedings centered in a speech by John Sharp Williams, the minority leader, who, while lauding the president for some of his sentiments, expressed the belief that others were dangerous. Mr. Williams spoke for nearly two hours. His remarks on the financial question prompted a lengthy discussion of that subject by Mr. Hill of Connecticut, in which he opposed the Aldrich financial bill.

Other speakers were Messrs. Nye of Minnesota, Bonyne of Colorado and Macon of Arkansas, the latter urging the passage of his bill prohibiting dealings in futures in agricultural products.

### UNHOLZ DEFEATS NELSON

Boer Fighter Punishes the Battler Severely.

Los Angeles, Cal., Feb. 5.—Rudolph Unholz had the better of Battling Nelson in a ten-round go before the Pacific Athletic club here. Under the city ordinance no decision could be given, but there was no doubt of the result. The Boer had all the best of every round in the matter of blows exchanged. He punished Nelson considerably and had him bleeding freely at the nose and mouth almost from the start. He knocked the Battler down in the first round with a lightning left to the point of the jaw.

Unholz seemed to be a puzzle to Nelson. The latter was constantly on the aggressive, but his efforts availed him little. He led repeatedly, but Unholz, fighting with his left shoulder held high to protect his head and chin, escaped punishment almost altogether.

### Ice men in Jail.

Toledo, O., Feb. 5.—Joseph A. Miller, Roland C. Beard and R. Compton Lemmon, members of local ice companies, who were each sentenced to serve six months in the county jail for violation of the Valentine anti-trust law by Judge Kinkaid, have entered upon their terms of imprisonment. They were assigned to a section of the jail formerly used for juvenile delinquents. It is said the prisoners will have meals sent in to them so that they will not be obliged to partake of the jail fare.

### Socialist Convention.

Chicago, Feb. 5.—The national convention of the Socialist party for the nomination of a presidential candidate will be held in Chicago on May 10. It was so decided by a referendum vote of the national committee of the party, the result of which was announced here.

### TELEGRAPHIC BREVITIES.

Wilmot H. Miller, a wealthy retired lumberman, is dead at Oshkosh, Wis., at the age of fifty-four years.

Vice Admiral C. T. Touchard has been appointed French ambassador to St. Petersburg in succession to M. Bompard, who has been recalled.

Mrs. R. Ullrich, wife of Reimer Ullrich, a farmer living five miles north of Barnesville, Minn., committed suicide by cutting her throat with a razor.

Fire destroyed a saltpeter warehouse and chemical laboratory of the Smith, Kline & French company, druggists, in Philadelphia. The loss is \$75,000.

It has been lately revised and brought up-to-date. Costs only 31 one-cent stamps for cloth bound, or 21 stamps in paper binding—just to cover cost of mailing only. Address as above.

## SEVEN FIREMEN HURT

Caught Between Collapsing Floors in New York.

### TWO MORE OF THEM MISSING

They Are Believed to Have Been Buried in the Ruins of the Burned Building—Several Persons Narrowly Escape Death in Chicago.

New York, Feb. 5.—Caught between collapsing floors, seven firemen were injured while fighting a fire which destroyed a five-story structure occupied by dry goods firms at 43 Worth street, in the heart of the wholesale dry goods district. Fireman Frank Eglanton is missing and is believed to be in the ruins. The monetary loss is estimated at \$200,000.

The firemen fought the flames in the bitter cold, which froze the water in the stand pipes and made the pressure inadequate to confine the fire to the third floor, where it started. The injured were found lying beneath the ruins in pools of fast freezing water.

A second fireman named Conlin was discovered to be missing when Engine Company No. 4 returned to its headquarters and the roll call was taken. Fireman Conlin was in the building when the crash came.

The fire spread rapidly and the employees in the building had to make hurried exits. As they were escaping from the place, the cable of an elevator parted and the car, jammed with frightened women and men, dropped to the basement. Fortunately no one was seriously hurt, and to their swift descent they may owe their lives. Hardly had the passengers scrambled from the wreckage of the car when, without warning, the third floor gave way and carried with it the second floor and fifteen firemen who were working within the walls. A moment later a score of firemen rushed into the burning wreckage, recklessly determined to rescue their comrades, whose cries could be heard above the noise of puffing engines.

Meantime the fire was burning briskly on the top floors and streams of water, thrown from adjoining buildings, half drowned the imprisoned men as well as those who chopped away valiantly wherever burning timbers held a captive. The temperature was well down toward zero and the men suffered intensely. One by one the injured men were released, with the exception of Eglanton and Conlin, who could not be located. Though badly injured it is believed that the rescued men will recover. The building had been ruined before the fire was controlled.

The building was occupied by Baldwin, Woodward & Co., the Kiblo, Chaffee and Morehouse company, the Charles C. Copeland company and P. R. Mastor company, all wholesalers.

### ESCAPE WITH DIFFICULTY

Several Persons in Peril From Fire at Chicago.

Chicago, Feb. 5.—Fire, which originated from an explosion of chemicals, swept through the three upper stories of the Wolff building, an eight-story structure at 91 Dearborn street.

The first three floors were occupied by the L. Wolff Manufacturing company, the owners of the building, as offices and show rooms. The remaining floors were used for offices.

The fire spread with great rapidity, and by the time the first engines arrived the three upper floors were burning furiously. Several persons in the upper part of the building were trapped by the flames and escaped with great difficulty. W. G. Stewart, who occupied an office on the seventh floor, was so badly burned about the head and chest that his recovery is considered hopeless.

Mrs. Mary Bachmann was overcome by the smoke and was carried down from the seventh floor by Fire Marshal Horan, the chief of the Chicago fire department. Several other people were also overcome by smoke, but were revived after a short time.

Carl Szostrom, A. G. Murrell and a third man whose name has not been ascertained were penned in by the flames on the eighth floor. Their cries attracted the attention of the janitor of a building east of the Wolff building and separated from it by a thirty-foot alley. The janitor lashed several step ladders together and managed to throw them across the intervening space in such a way as to form a bridge over which the men passed, eight stories in the air. The damage amounted to \$20,000.

### ENTIRE FAMILY DEAD.

Triple Tragedy Followed Failure of Husband to Obtain Work.

New York, Feb. 5.—For three months Max Sackman, twenty-six years old and by trade a paperhanger, had tramped the streets in a futile effort to find work. His daily goings and comings were noted by the neighbors, who, when the man failed to appear as usual, forced an entrance to his home and found the family of three dead.

The bodies of Sackman and his wife, Goettling, were stratched upon their bed and in the arms of the father was nestling the lifeless form of their fourteen-months-old baby, Rose. A gas tube extending from a chandelier to the bed told the manner of death, and an empty cupboard explained the motive.

### OF UNTOLD VALUE

The Information Contained in This Citizen's Statement is Priceless

The hale, the hearty, the strong can afford to toss this paper to one side impatiently when they read the following, but any sufferer in Brainerd who has suffered hours of torture caused by kidney complaint will stand in his own light if he does not follow the valuable advice offered here.

Mrs. J. H. Zellers, of 915 Main St., Brainerd, Minn., says: "Before using Doan's Kidney Pills I suffered for six months from my kidneys. The secretions were badly discolored and I also suffered from a heavy pain across the small of my back. A box of Doan's Kidney Pills were procured for me at H. P. Dunn's drug store. I took them and a cure resulted. I can truthfully say that I have not had a symptom since. On October 28th, 1904, six years after giving the above statement, Mrs. Zellers said: 'I am just as pleased to recommend Doan's Kidney Pills today as I was in 1898. I have not had an attack of kidney trouble since they cured me.'"

### Novel Souvenir.

A novelty in the way of a souvenir and advertisement has been received by the New York Tribune from the Manitoba Free Press of Winnipeg. It is in the form of a miniature barrel filled with flour made from Manitoba wheat. Accompanying the attractive little package is a booklet giving a history of the flour making industry and describing rural western Canada as "the bread basket of the British empire."

### SENSIBLE HOBBY

Well-Known People Devote Spare Time to Upbuilding Health.

There is no excuse today for any person, unless tainted with an incurable disease, remaining sickly, with the great advance in medical discoveries and the growing popularity of physical culture.

In the diseases of digestion and nutrition, for example, an acknowledged specific treatment has been found in Mi-o-na. It is relied upon as a certainty in relieving the worst troubles of digestion and assimilation, and making a complete cure.

People suffering with headaches, palpitation, sleeplessness, bad taste in the mouth, coated tongue, distress after eating, specks before the eyes, nervousness and general debility, and any other of the many distressing results of a weakened stomach, should profit by the discovery of Mi-o-na stomach tablets.

H. P. Dunn has seen so many cures by Mi-o-na of stomach and general rundown, state of health that he is a firm believer in the power of this remedy to cure practically every case, and he shows this faith by giving a guarantee with every 50-cent box of Mi-o-na to refund the money unless it does all that is claimed for it. H. P. Dunn takes the whole risk, and Mi-o-na will not cost you a penny unless it cures.

### No Revolt in Venezuela.

Caracas, Venezuela, Feb. 5.—President Castro has left here for La Victoria for a short vacation. This move on the part of the president disproves the recent rumors that a revolution was on foot, which reports arose from the disappearance of General Rolando from his home in Barcelona and the arrest of several of his partisans.

### HAVE ANAEMIA.

Your mirror will tell you if you are anaemic, for the unnatural pallor of the gums and inside of the lips and eyelids indicate this, watery blood.

You may also have indigestion, dizzy, fainting spells, severe headaches, and feelings of irritability and extreme lassitude. The blood is lacking in the very elements that are contained in condensed and easily assimilated form in

## Dr. A. W. Chase's Nerve Pills

This great restorative sharpens the appetite, invigorates the nerves which control the digestive fluids, strengthens the heart's action and gradually and naturally restores the sufferer from weak blood to health, strength and vigor. See that portrait and signature of A. W. Chase, M. D., the famous Receipt Book author, are on the box you buy. 50 cts. at all dealers of Dr. A. W. Chase Medicine Co., Buffalo, N. Y. Miss Elsie Faister, 47 Main Street, Oneonta, N. Y., states: "Last summer I was all run down in health—no appetite, poor digestion, could not sleep, felt tired and languid, was pale and weak. Doctors could not help me but Dr. A. W. Chase's Nerve Pills thoroughly cured me and restored strength and color."

### ROOSEVELT'S MESSAGE.

Again the Theme of Discussion in the House.

Washington, Feb. 5.—President Roosevelt's recent message to congress on the relations of capital and labor and of corporations and the public again was the theme of discussion in the house of representatives. So great was the demand for time that general debate on the Indian appropriation bill, which is the pending business, was extended. Interest in the proceedings centered in a speech by John Sharp Williams, the minority leader, who, while lauding the president for some of his sentiments, expressed the belief that others were dangerous. Mr. Williams spoke for nearly two hours. His remarks on the financial question prompted a lengthy discussion of that subject by Mr. Hill of Connecticut, in which he opposed the Aldrich financial bill.

Other speakers were Messrs. Nye of Minnesota, Bonyne of Colorado and Macon of Arkansas, the latter urging the passage of his bill prohibiting dealings in futures in agricultural produces.

### UNHOLZ DEFEATS NELSON

Boer Fighter Punishes the Battler Severely.

Los Angeles, Cal., Feb. 5.—Rudolph Unholz had the better of Battling Nelson in a ten-round go before the Pacific Athletic club here. Under the city ordinance no decision could be given, but there was no doubt of the result. The Boer had all the best of every round in the matter of blows exchanged. He punished Nelson considerably and had him bleeding freely at the nose and mouth almost from the start. He knocked the Battler down in the first round with a lightning left to the point of the jaw.

Unholz seemed to be a puzzle to Nelson. The latter was constantly on the aggressive, but his efforts availed him little. He led repeatedly, but Unholz, fighting with his left shoulder held high to protect his head and chin, escaped punishment almost altogether.

### Ice men in Jail.

Toledo, O., Feb. 5.—Joseph A. Miller, Roland C. Beard and R. Compton Lemmon, members of local ice companies, who were each sentenced to serve six months in the county jail for violation of the Valentine anti-trust law by Judge Kinkaid, have entered upon their terms of imprisonment. They were assigned to a section of the jail formerly used for juvenile delinquents. It is said the prisoners will have meals sent in to them so that they will not be obliged to partake of the jail fare.

### Socialist Convention.

Chicago, Feb. 5.—The national convention of the Socialist party for the nomination of a presidential candidate will be held in Chicago on May 10. It was so decided by a referendum vote of the national committee of the party, the result of which was announced here.
